

1967 Mustang Automatic To Manual Transmission Swap

1967 Mustang Automatic To Manual Transmission Swap - Convert Your Automatic Mustang To Manual Trans With Overdrive. The new car wasn't a traditional musclecar and certainly not a drag racer. In 1965, everybody knew that a Mustang with a 289 would fare poorly against a GTO with a 389 in a stoplight showdown. No one can afford to give away 100 ci in a drag race. Product Description. Please Note: When converting a manual 289/302/351 Mustang to a T5 transmission, using a 1979-1993 late model bellhousing, you will need an aftermarket starter designed for use with a 157 tooth flywheel. *This kit is designed for the original early engine balance of 28oz. 1965 - 66 Mustang. For a 1965 - 1966 Mustang we recommend a T-5 transmission for engines making under 450hp. The T-5 fits much better than a larger TREMEC TKO due to clearance issues with the transmission tunnel. TKO transmissions can be installed but it requires modifying the transmission tunnel.
