

# Dying Light Logan Mcrae Book

**Dying Light Logan Mcrae Book** - Dying Light (Stuart McBride) review—April 24, 2018 4.5 (rounded to 4)  
Poor DS Logan McRae. Because of consequences from his last case he has been re-assigned from DI Inch's team to DI Steel's team. THIS ONE, book two in the "Logan McRae" series, "Dying Light", has more twists and turns than a Boston, Massachusetts residential district! SUCH a joy to be safe and sound within the elegant, descriptive, often downright funny, but never overwrought prose of this master story-teller! Mr. Dying Light 1 Star (DNF) Unfortunately, this is a very poor follow up to a promising debut. The build up to the various mysteries proceeds at a snail's pace, and the protagonist, DS Logan McRae, who has such potential in the first book, spends most of his time complaining about his commanding officer and whining about his girlfriend. It's summertime in the Granite City: the sun is shining, the sky is blue and people are dying... It starts with Rosie Williams, a prostitute, stripped naked and beaten to death down by the docks – the heart of Aberdeen's red light district. For DS Logan McRae it's a bad start to another bad day.
